The Franchise Tax Board shall provide the written report to the Legislature by April 1, 2022, in compliance with Section 9795 of the Government Code.

SEC. 9. The Legislature hereby finds and declares that the payments authorized by Section 8150 of the Welfare and Institutions Code serve the public purpose of providing financial relief for low-income Californians who may have been adversely impacted by the economic disruptions resulting from the COVID-19 emergency, and does not constitute a gift of public funds within the meaning of Section 6 of Article XVI of the California Constitution.

LEGISLATIVE COUNSEL'S DIGEST

Bill No.

as introduced, _____.

General Subject: One-time stimulus payment: earned income tax credit.

(1) Existing law authorizes various forms of relief for low-income Californians, including certain tax benefits and public assistance programs. Existing law also provides various forms of assistance to those Californians that have been impacted by the COVID-19 emergency.

This bill would authorize a one-time Golden State Stimulus payment to each qualified recipient, as defined, of \$600, to be administered by the Controller, in order to provide relief to low-income Californians impacted by the COVID-19 emergency. This bill would create the Golden State Stimulus Fund, a new fund in the State Treasury, for the purposes of making these one-time payments, and would continuously appropriate that fund.

(2) Existing law requires the Controller to state an account with persons that receive funds or property belonging to the state and fail to properly render account thereof to the state, and persons that fail to pay to the State Treasury any money belonging to the state. Existing law requires the Controller to offset delinquent accounts against personal income tax refunds.

This bill would prohibit the Controller from offsetting delinquent accounts with the one-time payment authorized by this bill.

(3) The Personal Income Tax Law, beginning on or after January 1, 2015, in modified conformity with federal income tax laws, allows an earned income tax credit against personal income tax and a payment from the Tax Relief and Refund Account for an allowable credit in excess of tax liability, to an eligible individual that is equal to that portion of the earned income tax credit allowed by federal law as determined by the earned income tax credit adjustment factor, as specified.

The Personal Income Tax Law allows a refundable young child tax credit against the taxes imposed under that law, for each taxable year beginning on or after January 1, 2019, to a qualified taxpayer in a specified amount multiplied by the earned income tax credit adjustment factor, as provided.

This bill would revise the qualifications for the earned income tax credit and the young child tax credit to include persons who are not lawfully in the United States who are otherwise eligible individuals.

Existing law establishes the continuously appropriated Tax Relief and Refund Account and provides that payments required to be made to taxpayers or other persons from the Personal Income Tax Fund are to be paid from that account, including any amount to be paid as an earned income tax credit or a young child tax credit in excess of any tax liabilities.

This bill would authorize new payments from that account for additional amounts in excess of personal income tax liabilities, thereby making an appropriation.

(4) The Personal Income Tax Law imposes a tax on individual taxpayers measured by the taxpayer's taxable income for the taxable year, but, in modified conformity with federal income tax laws, allows various exclusions from gross income. Existing law requires any bill authorizing a new tax expenditure, as defined to include exclusions from income, to contain, among other things, specific goals, purposes, and objectives that the tax credit will achieve, detailed performance indicators, and data collection requirements.

This bill would exclude the one-time payment authorized by this bill from the gross income of qualified recipients for personal income tax purposes. The bill would also include additional information required for any bill authorizing a new tax expenditure.

This bill would make an appropriation from the General Fund to the Controller to pay for the administrative costs of making the tax refund payments authorized by this bill.

This bill would also make findings and declarations related to a gift of public funds.
